

T H E  
**AURORA**  
C O L L E C T I O N

## The Aurora Advantage

 **95%**  
less water  
consumption\*

 **90%**  
less electricity  
consumption\*

 **35%**  
less gas  
consumption\*

\*comparison vs anodizing application process, based on average resource consumption of several Middle East application plants

- Provides an impeccable metallic effect
- Ensures consistency in appearance and hides substrate imperfections
- Increases design flexibility as it can be used on both aluminium and steel
- Minimises the impact on the environment as its application is much less demanding in water, energy and chemicals
- Saves time and resources
- Delivers a better resistance to chemicals which allows for easier cleaning and maintenance
