

Jotun Protects Property

JOTUN FACADE LIMITED SERIES

NOW WITH A FASTER CURING
SCHEDULE FOR HIGHER
MANUFACTURING OUTPUT

Jotun Protects Property

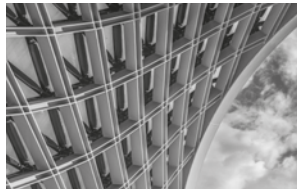

Higher productivity for better profits

At Jotun, we understand how important speed and manufacturing quality is in order to help you achieve productivity goals and overall better profits.

In response, we developed a product with a faster curing schedule resulting in higher profits. This limited series also has all the features and benefits you already expect from our Jotun Facade brand.

Applicators reported an increase in productivity of 25% to 50% compared to our standard product.*

You can experience this in practice by requesting an application trial through your local Jotun representative. Our technical support team is also available to help you further optimise your application process.
