THE RIGHT PAINT SYSTEM

Committing to the right paint system allows you to enjoy multiple benefits, especially the ones below

1 LONG-LASTING
BEAUTIFUL COLOURS

The use of primer seals off the surface to resist alkali and moisture, as well as promotes good adhesion between the paint and the surface, bringing out 100% of the colour you select.

2 MORE PROTECTION
WITH LEAST WORK

A good base of primer coating saves you the hassle of frequent wall maintenance or repair work.

3 REDUCES
MAINTENANCE COST

You need to repaint much less often with the right paint system applied. It is an investment that yields better savings in the long run.

To enjoy the benefits and have a peace of mind, the recommended paint system would be:

Start with **1 coat of Primer / Sealer**

Follow up by applying **2 coats of Topcoat**
