## Jotun Perfect Collection

Welcome to this journey of lifestyle and colours. From the nostalgic yet elegant lifestyle surrounded by sophisticated blues, whilst focusing on the sustainable lifestyle of greens, to the pure and simple lifestyle of whites.

The sophisticated blues accompanied by warm neutrals and a touch of gold, honour the passage of time. We often look back to discover nostalgic elegance, and when vintage meets modern design, an atmosphere of humble luxury emerges.

The white and neutrals are inspired by purist philosophy to reflect a lifestyle focusing on functional and practical aesthetics. We are looking for order, still with elements of relaxed luxury, letting us appreciate the beauty of modern design.

The presence of greens and warm neutrals reflects upon the beauty of nature. The theme is inspired by authentic traditions and a simple way of living, brought to an urban, luxuriant environment.

All these beautiful colours come together to reflect the perfect beauty and care of your home.
